

How To Take Your Virtual Orientation Photos

All photos should be taken in a seated position. You will need a friend or family member to serve as your photographer, because it is difficult to take these photos yourself.

1. Left Bite

Bite down on your molars and pull back your cheek as far as you can.

2. Front Smiling

Show us your biggest smile ever and do your best to show all of your teeth.

3. Right Bite

Bite down on your molars and pull back your cheek as far as you can.

4. Upper Occlusal

5. Lower Occlusal

All five angles are required.

Text your photos, with your
Name and **Date of Birth** and
Office You Would Like To Be Seen At To:
410.834.3227

Optionally, you can provide any concerns about teeth and what dental insurance you have.
